Dear Mom & Dad,

This is a letter which I received today. If you were to write to Mr. Brauer and explain your position regarding my so-called trial there is a possibility that he might help.

I'm limited to what I can say to him in writing but you don't need to pull any punches.

If you could send him a copy of that (Special Delivery) letter perhaps that would explain things to him. But take my parents name and address off of it.

Still no word from that attorney.

up to 4-9-68

Love
Charles
